Why

- ☀ One in three pensioners fail to claim all they are entitled to
- ☀ Debt issues are often left to the last minute to address
- ☀ Benefit application forms seem long and daunting to complete
- ☀ More than £250,000 a year added to the local economy
- ☀

Our aim is to promote and facilitate the wellbeing, self-esteem and personal dignity of residents of Bingham, Nottinghamshire, its surrounding villages and communities.

We do this by providing a quality service which offers free and confidential advice and helps them to find solutions to their problems.
