These changes will come into effect on **30 August 2015**. For more information visit nottinghamshire.gov.uk/nottsbusconnect

We know that your local bus services are important to you. To keep you moving we need to be able to deliver these services in a more efficient and effective way.

To help us develop proposals on new ways of doing this we asked you about the transport services in Nottinghamshire. You said you would like to see us:

- Maintain access to vital services.
- Increase use of community transport.
- Make more efficient use of vehicles.

Based on what you told us we reviewed the local bus network and came up with some new proposals. We then asked you what you thought about our plans at a series of local roadshows and listened to your views.

We have kept and improved commuter routes because we know that they are important to provide access to employment, training and other essential services. We've also introduced a number of improvements to ensure local transport remains convenient, efficient and affordable.

- New feeder routes connecting with other buses and the tram.
- County Council fleet vehicles will provide some local services making more efficient use of our resources.
- All services were put out to tender to ensure best value for money.

Valid from
30 August
2015

Services 831, 832, 850, 852, 853 and 863

Notes: NS - Not Saturdays
S - Saturdays only
R - Calls on request to set down only
